

Lawal Oyindamola

Frontend Developer & UI/UX Designer

lawaloyindamolashinaayomi@gmail.com | github.com/Damola1-tech | Ekiti State, Nigeria | Open to remote work

SUMMARY

Recent B.Sc. Computer Science graduate (EKSU, 2026) and frontend developer with a strong eye for UI/UX detail. Designs in Figma and builds with React, JavaScript, HTML/CSS and Supabase. Has shipped products across healthcare access, student housing, business registration and small-business finance, and is expanding into data analysis and backend development.

SELECTED PROJECTS

ReachCare | Founder | Healthcare | React, Figma, USSD

Healthcare access platform for rural Nigeria: community health workers plus a mobile app with USSD fallback for feature phones.

MyTab | Web App | FinTech | PWA, offline-first

Credit tracker for shops that sell on credit: customer balances, one-tap WhatsApp payment reminders, offline recording with sync, installable to the home screen.

VettedHands | Marketplace | Waitlist

Trust-first marketplace for vetted electricians, plumbers, tailors and phone repairers. Designed and built the waitlist landing page and launch flow.

EKSU Lodge | Web App | PropTech | HTML/CSS/JS, Supabase

Student accommodation finder with filters for price, location and amenities, image gallery, call-to-book and a Supabase backend.

DANNIT Enterprises | Web | LegalTech | HTML/CSS/JS

CAC business registration service for Nigerian SMEs: multi-step form, document checklists and WhatsApp-first submission.

E&E Scents | Web | eCommerce | HTML/CSS/JS

Mobile-first fragrance brand website with product showcasing and a clean, brand-led layout.

SKILLS

Frontend & Design: HTML, CSS, JavaScript, React, Figma, UI/UX design, responsive and mobile-first design

Tools & Platforms: Supabase, Git, GitHub, Vercel, GitHub Pages, VS Code, Excel

Currently learning: Node.js, data analysis

EDUCATION

B.Sc. Computer Science, Ekiti State University (EKSU), Ado-Ekiti

2023 - 2026

Final year project: AI-based student health monitoring and alert system with rule-based risk classification.
